

**Anti-GREEN FLUORESCENT PROTEIN
(jelly fish, GFP)**

(Sheep Polyclonal)

Catalogue No.:	CA-1608-A
Quantity:	1ml
Immunogen:	Native GFP jelly fish.
Presentation:	Liquid, affinity purified in PBS buffer (pH 7.2) 0.1% sodium azide.
Preparation:	Chromatography on protein G.
Titre:	ELISA 1/5500 (50%B) ELISA =>1/50K (EPT)
Applications:	Simple screening ELISA with 1µg/well of antigen coated. Plates blocked with 1%(w/v) BSA in TBS buffer.
Storage:	Aliquot and store product at -20 °C.
